Work Experience

Web Designer & Developer

Sivac Records

Montclair, NJ

2019

Built a responsive website for independent label Sivac Records from the ground up using HTML, CSS, Javascript, Bootstrap and Git. Regularly met with the client to discuss the design, content and identity of the site.

Poster Artist

Freelance

Montclair, NJ

2018-Present

Designed and illustrated gig posters for bands. Worked with clients to establish guidelines and delivered print-ready vector files on time. Experimented with different styles based on the aesthetics of the bands and venue.

Junior Web Developer

Pixel Professionals

Montclair, NJ

2017

Updated and redesigned websites for clients, working closely alongside another junior developer and the lead front-end developer. Learned to use FileZilla and built upon my knowledge of HTML, CSS and Wordpress.

Front-End Developer

Chivomengro

Burlington, VT

2017

Worked on the web team for nonfiction publication Chivomengro, implementing new designs and creating and maintaining pages for their Wordpress site. Gained experience delegating tasks and communicating through Github and Notion.

Education

Champlain College

BFA in Creative Media

Burlington, VT

2014-2018

Pursued a passion for the arts with a focus on visual art. Studied web design, graphic design, print design and UI/UX
